

ARABESCATO CORCHIA POL RECT 60X120

ARABESCATO

The Alpuan Alps hide wonders in their mountain ranges. Among them, its quarries of Calacatta Corchia marble. This stone stands out for its elegant but powerful graphics. It served, for centuries, as flooring for some of Italy's most important stately villas and churches.

Its design features cream-coloured veins interwoven with grey threads. Thanks to the use of six inks in digital printing, we created an intense mixture on a white surface. The result is a 60x120 and 120x278 marble with two finishes: a glossy finish, using polished grain, and a matt finish using a protective enamel. The relief piece Spektra white Matt shares characteristics with the latter finish, which is distinguished by being spectacularly soft.

Los Alpes Alpuanos esconden maravillas en sus cordilleras. Entre ellas, sus canteras de mármol Calacatta Corchia. Esta piedra destaca por una gráfica elegante pero poderosa. Su apariencia sofisticada hizo que, durante siglos, sirviese de pavimento para algunas de las villas señoriales e iglesias más importantes de Italia.

Su diseño presenta unas vetas marcadas de color crema que se entrelazan con hilos grises. Gracias al uso de seis tintas en la impresión digital creamos una mezcla intensa sobre una superficie blanca. El resultado es un mármol de 60x120 y 120x278 con dos acabados: uno en brillo, con el uso de granilla pulida, y un acabado mate a través de un esmalte protector. La pieza con relieve Spektra white Matt comparte características con este último acabado, que se distingue por ser espectacularmente suave.
