EPICENTR[®]

CERAMIC CORPORATION

It is our honor to bring to your kind attention the products of the newest Factory of ceramic and porcelain tiles in Ukraine of Epicentr K Group of Companies.

Epicentr K is a leader in the Ukrainian retail market that specializes in home improvement and gardening equipment, holding position No.1 among non-food retailers in Ukraine with an annual turnover of 1,3 billion EUR.

Moreover, the Group of Companies is comprised by the agro holding named **Epicentr Agro**, which is in the top-10 Ukrainian agro holdings; a logistics hub with the total area of over 80 000 m² and other manufacturing companies. The total workforce of the Group is 40 000 people.

Currently there are two production platforms: one is in the Kiev Region, another one is in the Ivano-Frankivsk Region.

Today the total production capacity is 9 million m² of ceramic and porcelain tiles per year. The 1st in Ukraine **Continua+** production line is launching in May 2021. This is going to raise the annual production capacity up to 12 million m².

The total investment in both production facilities currently amounts to € 172 million, and € 95.7 million of that is going to be invested by the **Epicentr K Group of Companies** in the upcoming years.

We have implemented the most innovative production technologies, such as the system of digital dry coloration the BMR “Easy Color Boost”, dry rectification technology, polishing with the BMR **“Super Shine”** technology and the scanning quality control system named **“Qualitron”**.

Our highly qualified team of professionals and engineers has created unique production capacities and engineering solutions based on the advanced equipment of such Italian manufacturers as **SACMI[™], SYSTEM and BMR**, allowing us to manufacture products at the highest world quality standards.

Manufacturing is certified in accordance with ISO 9001:2015, ISO 14001:2015. All products are in compliance with the EN standards and have the CE marking.

The products manufactured by the enterprise today are being exported to more than 25 countries of the world.

The current assortment of more than 400 items includes:

- Ceramic wall tiles made of white clay in the formats of 200x600, 250x750, 310x610, 300x600, 300x900 mm;
- Porcelain mat and full lappato tiles for floor in the sizes of 150x600, 150x900, 300x600, 200x1200, 470x470, 600x600, 600x1200, 610x610, 80x80, 100x100;
- Thickened tile (20 mm thickness) for outdoor use in the size of 600x600 mm;
- Frost-resistant brick tiles in the 250x65x7 mm format and special elements for the entrance group in the 300x300 format;
- The Mosaic for walls and floors with a cell size of 23x23 and 48x48 mm.

Having put into operation the Continua+ line is going to allow us to produce large formats up to 1800x1200 mm with the thickness from 6 to 20 mm, as well as a new type of product to us - technical porcelain tiles.

All of our hearts and souls were involved in creation of each collection designed and high-quality product specifications made from the top-quality raw materials. All of that makes our product one of the world's best.

Our key points:

- Factory is fully equipped with newest benchmark standards;
- Current production capacity is 9 million m², by the end of 2021 it will be increased up to 12 million m²;
- Own truck delivery fleet with 300 trucks;
- Building floor area of Factory is 70 000 m².

As a reliable manufacturer and partner, we provide:

- High-performance products from top-grade raw materials;
- Strict fully automatic quality control system that ensures all outstanding technical parameters;
- Production of tiles with extremely limited impact on environment;
- All marketing tools to our partners (panels, stands, catalogues, brochures and other POS materials);
- Flexible delivery terms: FCA, DAP, FOB, CFR;
- Individual approach to each partner and highest service standards.

Мы с честью представляем Вашему вниманию продукцию новейшего завода по производству керамической плитки и керамогранита Группы компаний **ЭПИЦЕНТР К**.

Компания **«ЭПИЦЕНТР К»** — лидер на украинском розничном рынке, который специализируется на благоустройстве дома и садоводстве, и является непродовольственной компанией №1 в Украине с годовым оборотом 1,3 млрд евро.

Кроме этого, в группу компаний входит агрохолдинг — **ЭПИЦЕНТР АГРО**, состоящий в топ-10 украинских агрохолдингов; логистический центр общей площадью более 80 000 м² и другие производственные предприятия. Общая численность сотрудников группы составляет 40 000 человек.

На сегодняшний день функционируют две производственные площадки: одна в Киевской области, другая — в Ивано Франковской.

Общая производительность керамического производства на сегодняшний день составляет 9 млн. м² керамической плитки и керамогранита в год. С запуском в мае 2021 года новой, первой в Украине, линии **Continua+** годовая производительность увеличится до 12 млн. м².

Общая сумма инвестиций в оба производства в настоящее время составляет €172 млн, из которых 95,7 млн евро будут инвестированы **ГК «Эпицентр К»** в ближайшие годы.

Мы внедрили самые инновационные технологии производства, такие как система цифрового сухого окрашивания «Easy Color Boost», технология сухой ректификации, линия полировки с использованием технологии **BMR «Super Shine»** и цифровая система контроля качества— **«Qualitron»**.

Наша высококвалифицированная команда профессионалов и инженеров создала уникальные производственные мощности и инженерные решения на базе передового оборудования итальянских производителей **TM SACMI, SYSTEM и BMR**, позволяющие выпускать продукцию на уровне высочайших мировых стандартов качества.

Производство сертифицировано в соответствии со стандартом ISO 14001:2015, вся продукция соответствует стандартам EN и ISO 9001 имеет соответствующую маркировку CE.

Продукция, выпускаемая предприятием на сегодняшний день, экспортируется в более чем 25 стран мира.

На данный момент ассортимент, состоящий из более 400 позиций, включает в себя:

- керамическую плитку для стен из белой глины форматов 200x600, 250x750, 310x610, 300x600, 300x900 мм;
- керамогранит матовый и полированный форматов 150x600, 150x900, 300x600, 200x1200, 470x470, 600x600, 600x1200 мм
- утолщенную плитку (толщина 20мм) для наружного применения формата 600x600, 610x610, 100x100;
- морозостойкую плитку “под кирпич” формата 250x65x7 мм и специальные элементы для входной группы формата 300x300;
- мозаику для стен и пола с размером ячейки 23x23 и 48x48 мм.

Запуск в эксплуатацию линии Continua+ позволит выпускать большие форматы вплоть до 1800x1200 мм, толщиной от 6 до 20 мм, а также новый для нас вид продукции - технический керамогранит.

Мы вложили наши сердца и души в создание каждой разработанной коллекции, а высокое качество продукции, изготовленной из высококачественного сырья, делает наш продукт одним из лучших в мире.

Наши ключевые моменты:

- завод полностью оснащён новейшими технологиями производства, соответствующим высоким стандартам;
- текущая производственная мощность составляет 9 млн м², к концу года будет увеличена до 12 млн. м²;
- собственный автопарк с 300 грузовиками;
- общая площадь завода составляет 70 000 м².

Как надёжный производитель и партнёр, мы предоставляем:

- высококлассную продукцию из высококачественного сырья;
- строгий, полностью автоматический контроль качества, обеспечивающий соответствие всем необходимым техническим параметрам;
- производство плитки с крайне ограниченным воздействием на окружающую среду;
- все маркетинговые инструменты для наших партнёров (панели, стенды, каталоги, брошюры и другие POS-материалы);
- гибкие условия доставки: FCA, DAP, FOB, CFR;
- индивидуальный подход к каждому партнёру и высочайшие стандарты сервиса.
