MACBA

Macba plays with light and shadow, with heat and cold. The environmental capacity of this collection is a true spectacle, and not only because of its infinite variety of colors and models, but also because of the feeling it gives off. With a hexagonal cut and various finishes, the colors that this collection offers will surely adjust to the needs of any project or proposal. This cement series is completed by the Sunny variety, which boasts a particularly daring and bright style and design.

Macba juega con las luces y las sombras, con el frío y con el calor. La capacidad ambiental de esta colección es un verdadero espectáculo, y no solo por su infinita variedad de colores y modelos, sino por la sensación que desprende. De corte hexagonal y acabados variados, los colores que esta colección ofrece se ajustarán, seguro, a las necesidades de cualquier proyecto o propuesta. Esta serie de cemento se completa con la variedad Sunny, que ostenta un estilo y diseño particularmente atrevido y luminoso.
